ABOUT THE CONFERENCE

We, the Foster Research Organization, are hosting the “**Global Research Conference on Infrastructure and Civil Engineering**” (GRCICE2024), which is scheduled to take place on **October 24–26, 2024** in **Barcelona, Spain**. The theme of the conference is “To Emphasize the Importance of Creating Sustainable Infrastructure that Will Improve the Global Environment and Strategies to Build a Better World and Have a Positive Impact on Society”.

The central aim of the conference is to provide a platform for networking and collaboration, facilitating meaningful exchanges among professionals from different disciplines and backgrounds. The conference will focus on existing and future obstacles and how to overcome them through insightful discussions and by knowledge-sharing sessions, as well as providing information about novel advancements in the field of infrastructure and civil engineering.

During the conference, attendees, presenters, plenary, keynote speakers, researchers and engineers will have access to top-notch facilities, resources, and opportunities, allowing them to achieve their professional goals. Furthermore, the event will serve as an excellent networking opportunity, providing delegates with the chance to form business and research relationships, engage in high-level discussions, and foster future international collaborations. These experiences will significantly enrich your professional growth and development.

We believe that this conference is an excellent opportunity for the development of Infrastructure and Civil Engineering.

We will be delighted to see you at GRCICE2024.

Sincerely,

GRCICE2024 Scientific Organizing Committee
